

Emotional Support Animal Guidelines

The BODs for Sundance Village HOA uses a third party to screen all Emotional Support Animals through PetScreening.com: <https://bray.petscreening.com/>

If your pet is an ESA, please follow the link, click “sign up” in the upper right hand corner of the website, and follow the prompts for creating a profile. PetScreening will require documentation and they determine the validity of an ESA.

PetScreening’s determination is legally binding and the HOA uses their determination to ensure all ESAs are properly vetted.
