TRASH SERVICE DISRUPTION NOTICE

Humpty Dumpsters is currently experiencing mechanical difficulties with their service trucks and is actively working to resolve the issue.

At this time, the tentative trash pickup date is expected to be **Friday, May 15.**

Due to this temporary interruption in service, we kindly ask all residents to please be mindful of trash disposal until pickup service resumes. If possible, please limit additional trash disposal and ensure that trash bags are properly secured so debris does not fall onto the ground or around the dumpster areas.

We appreciate everyone's patience and cooperation while Humpty Dumpsters works to restore normal service.

The community will be updated if any additional information or schedule changes are received.
