

Mesa Estates uses a single-source for trash services. Currently, we use the City of Grand Junction for trash services. The City of Grand Junction is making several changes to their waste and recycling program on March 13, 2026.

If you want to save money on your monthly trash services cost, consider participating in the recycling program which will help you minimize the size you will need for your regular trash container. The CY2026 prices are detailed below:

48-Gallon \$16.00 64-Gallon \$22.00 96-Gallon \$35.00

The sizes of the recycling and yard-waste compost bins are 96-Gallons. There is no additional charge to participate in yard-waste recycling. You also don't have to use the yard-waste compost bin. Some informational links are provided below:

Information can be found at the following link:

Holiday Collection Schedule

There is no trash or recycling collection on major holidays. When the holiday listed below falls on a weekday, all trash and recycling collection will be delayed by one day the remainder of the week.

January 1 (New Year's Day)

May 25 (Memorial Day)

September 7 (Labor Day)

November 26 (Thanksgiving Day)

December 25 (Christmas Day)

Trash container storage - In accordance with Article 7.5 of the Mesa Estates CCRs (Restrictions on Garbage and Trash), each Owner shall keep all of their trash, garbage or other refuse in a container and stored out of sight in their garage (*suggestion added - behind their fence*). Each Owner shall use the trash company as designated by the Board of Directors. Our current scheduled trash day is Wednesday morning. Trash containers are to be placed on the curbside, wheels in the gutter, in the late afternoon/evening and shall be removed by the end of the day of the scheduled trash pick-up. Containers shall be placed facing the street to accommodate mechanical loading of trash into the trash vehicle.
