

Important Notice: Unsolicited Contractor Calls

It has come to the attention of the Good Hope Townhomes HOA Board that some residents have recently received unsolicited phone calls from individuals claiming to be contractors offering roof, siding, or gutter inspections. These companies may falsely state that they are working on behalf of the HOA.

Please be advised:

Any contractor hired by Good Hope Townhomes HOA or by HOA Services on behalf of the HOA will never contact homeowners directly.

All contractors engaged by the HOA are **local professionals** who work exclusively through HOA Services and do not initiate communication with individual residents.

Thank you for your attention to this matter and for helping us keep our community safe and informed.

Good Hope Townhomes Board of Directors
